

# WHERE'S THE BEDS?

361 NEW SHELTER BEDS IS NOT ENOUGH  
WE NEED 1500 NEW PERMANENT BEDS IN 2018

The shelters are full. Winter respite sites are overcrowded and have terrible conditions. The City plans to add 1,000 beds over 3 years, - guaranteeing the crisis will continue.

## WE DEMAND THE CITY:

1. Add 1500 new permanent beds in 2018
2. Develop a plan for the respite centers for April 15th and make it public
3. Improve respite site conditions
4. Stop scapegoating refugees and people with mental health issues

Monday, February 12, 9am  
City Hall - Bay and Queen (front doors)

**Ontario Coalition Against Poverty**
